

BinaryHeart
Northwestern Chapter

501(c)(3) NONPROFIT

Fix it. Run it. Bridge the gap.

We refurbish donated computers for families in Evanston and Chicago. Members work in all three areas below until we set roles after the first meeting.

HARDWARE – refurbish donated computers

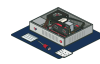

01 Intake

Log, inspect and diagnose each donation

10 Wipe

Securely erase drives and reinstall the OS

11 Repair

Replace parts, upgrade and clean

100 QA

Test everything before it goes out

SOFTWARE – hands-on with systems you won't find anywhere else

OpenClaw cluster

Run AI agents across 15 devices

Internal tools

Ship apps people use

Automation

Automate real workflows

Websites

Build sites for nonprofits

OPERATIONS – get devices to the people who need them

Partners

Work with nonprofits, schools and donors

Events

Plan donation drives and tech events

Fundraising

Run fundraisers and build sponsorships

Grants

Research and write grant applications

WHY BINARYHEART – no experience needed, we'll train you

400+

devices donated

300+

people helped 1:1

60+

student volunteers

8

chapters and growing
